## **TERMS**

This list cancels all former quotations.

Orders are filled in the order in which they are received unless a later shipping date is specified. We reserve the right to cancel orders if necessitated by weather conditions or any other reason that is beyond our control.

We do not warrant any trees, shrubs or plants sold except as to genuineness, except as noted.

All claims for errors must be reported immediately upon receipt of the stock. Any claims for failure of stock must be reported within 30 days. We are not responsible for winter losses or losses due to drought.

The purchaser assumes all risk of transportation. Stock will be shipped express collect unless otherwise arranged.

Cash or references should accompany orders from customers unknown to us. Two percent discount for cash within ten days. C.O.D. orders must be accompanied by 25 percent of the purchase price.

Packing is free with cash orders, otherwise charged at cost.

# HARDY NATIVE EVERGREENS

## *For Nursery and Reforestation*

The trees listed below are carefully collected from the northern Green Mountains of Vermont. All are selected, well-rooted trees, protected from wind and sun as gathered and immediately puddled in clay. Shipments are made at once with stock carefully packed in sphagnum moss.

With proper care a reasonable percentage is guaranteed to live.

The usual spring shipping season begins April 10th and extends through to June 10th. Fall shipping is from about August 20th to November 10th. We ship earlier or later if weather permits.

Orders are filled in the order received unless otherwise specified.

As this list goes to press we are booked up until May 1st.

We gladly book orders in advance for this coming fall or next spring.

### CANADIAN HEMLOCK—TSUGA CANADENSIS

	Per 1000
3-6 in. seedlings .....	\$ 8.00
6-9 in. seedlings .....	12.00
